

Learning Portrait Photography in Photos (Chinese Edition)

Whether you like to take artistic photos, or love to shoot children, whether you are willing to shoot in the studio, or at home or on the road, you will, from Europe's first photography book: learning portrait photography in photos, learn everything you need to know to shoot human photos from techniques to the inspiration, from concepts to the operation. When you shoot, you can refer to the photos in the book, and you can also put your creativity into practice.

Even if you already have some experience about shooting portraits, you can also gain some inspiration from Europe's first photography book: learning portrait photography in photos. Because in the book, you can truly experience the process of the production of each photo, and have a deep and clear perception of the photographers' creation ideas, and obtain passion and creativity from their works, and thus own a new view about portrait photography!

LAWBOOK International Lawbook is an initiative of professionals with passion for a better society. It is dedicated to exposing, explaining and expounding law for the purpose of attaining Social Justice in the society. It is a platform where people meet, discuss, analyze and proffer solutions to common issues of mankind.
