

A Biography of Antony Bechu Architect

A man of many facets and strong political views, this fascinating biography examines the character, career, and the intellectual development of Antony Bechu as they evolved over his full and eventful life. After studying at the special School of Public Works then at the school of fine art in Auguste Perrets workshop, interrupted by his commitment to the Resistance Movement, Antony Bechu took his career as engineer and architect to South America. In the post-war years Antony Bechu also took an active part in the in the Operation Million and the reconstruction of France. Following this, his convictions drew him to the Confederacy of the Intellectual workers, and at the Labor Union of Architecture, he was responsible for reforming the Mutual Insurance Company of French Architects. He also sat on the National Council of the Order of Architects before eventually finishing his career at the Academy of Architecture.
