

Sri Lankan Drumming: The Thammattama

2nd edition: a lesson book for beginning South Asian Drumming! Basic Patterns progressing to Solos and Duets. This is a practical lesson book for the uninitiated into Sri Lankan music who wants to learn to play but cannot currently find a teacher, and for the Western drummer/ensemble interested in adding new styles to their repertoire. Drum Core/Marching Band need a new street beat? Check these out! When studying and learning the music of Sri Lanka, there is absolutely nothing better than taking lessons from an experienced teacher who can listen, critique, and help the student each step along the way. This publication is not meant to replace this long-established tradition at all, but to encourage a love and understanding of Sri Lankan music to those who would not otherwise be able to take these lessons, or as a visual aid to supplement these lessons.
