

Acne & Alopecia (The Clinical Practice of Chinese Medicine)

This well-organized and comprehensive clinical series is characterized by important diseases, it provides detailed western disease information and Chinese clinical treatment effective for each specific disease. These books also discuss, in detail, related quotes of classical TCM literature and clearly narrate the modern clinical experience of renowned physicians, thus enabling the practitioner to become more adept at using Chinese medicine in the diagnosis and treatment of common diseases.

LAWBOOK International Lawbook is an initiative of professionals with passion for a better society. It is dedicated to exposing, explaining and expounding law for the purpose of attaining Social Justice in the society.
