

# The Anthropology of Music

This is a comprehensive approach to music from the point of view of anthropology. The author maintains that ethnomusicology, by definition, must not divorce the sound-analysis of music from its cultural context of people thinking, acting, and creating.

LAWBOOK International Lawbook is an initiative of professionals with passion for a better society. It is dedicated to exposing, explaining and expounding law for the purpose of attaining Social Justice in the society. It is a platform where people meet, discuss, analyze and proffer solutions to common issues of mankind.
