

Cardiology (The Illustrated Lecture Series)

Written by two well respected authors, this highly illustrated text provides direct linkage with examination curricula, and offers a framework for further study and reading. It is fully indexed covering the essentials of each subject in a succinct and lucid fashion, and several hundred illustrations with numbered labels allow for quick revision.

LAWBOOK International Lawbook is an initiative of professionals with passion for a better society. It is dedicated to exposing, explaining and expounding law for the purpose of attaining Social Justice in the society. It is a platform where people meet, discuss, analyze and proffer solutions to common issues of mankind.
