

Tangled Up In Tapes : a Recording History of Bob Dylan

Major discography of Bob Dylan. Includes all known performances in the studio and in concert, with song-by-song listings for each and every one. Songs which have circulated among collectors as line recordings also highlighted. Over 50 photographs, most never published before, including 32 printed on glossy paper, 20 of these in rich colour. Complete coverage of Dylan on film -- every known professionally filmed video, movie and television performance. Interesting statistical section with details on the number of shows done by each year, songs performed each year and the number of times he has performed each and every song. All though the end of 1998.
