

The Gift of One

Josephs spiritual epiphany began Spring 1996, when he experienced a loss in a tragic event. He was 35 when he discovered a hidden talent in music and became a savant that changed his life forever. Josephs music has produced miracles, and has touched thousands of people by his purpose. He has also been on numerous radio and television shows to talk about his Miracle in Music. The inspiration for writing this book is for you to discover your gifts and make a difference in someones life. The Gift of One was inspired by true events. I bought The Gift of One book and CD at a book signing and concert I attended. Josephs music is life altering, and rarely do we find a book and music like this that touches your soul and opens up your heart. Cynthia M. Cannizzaro
