

Music Practice Notebook: Notebook to take to music lessons including music theory guide

Useful notebook for music students For students taking music lessons this notebook is invaluable. The new bigger size of this edition has a double page for each lesson and enough pages to last a whole year. For each lesson there is plenty of space for the teacher to note down what needs to be practised, and a whole page for the student to record what they have worked on during the week. There is even space for parents to give motivational feedback and comments. Also includes a brief guide to music theory and scale chart at the back of the book. A tip of the week for each lesson which will encourage students to think about how they are practising.
