

New Heights In Lace Knitting: 17 Lace Knit Accessory Patterns

Set against the backdrop of the worlds tallest peaks, author Andrea Jurgrau New Heights in Lace Knitting helps knitters create a beautiful collection of lace shawls and accessories and gain confidence in creating standout knitted lace. Before starting any journey, knitters need to load their packs (or in this case, their knitting bags) with the right supplies. New Heights in Lace Knitting outlines exactly what knitters need in order to create a successful finished project. Knitters are guided through choosing the right yarns for lace, basic lace techniques, and a comprehensive how-to for adding beads to lace projects. Beginners might start with a smaller project, such as fingerless mitts with lace detail, while experienced knitters may start with a lace shawl project that challenges their know-how. In all, there are 17 lace patterns that knitters are going to love exploring.

LAWBOOK International Lawbook is an initiative of professionals with passion for a better society. It is dedicated to exposing, explaining and expounding law for the purpose of attaining Social Justice in the society. It is a platform where people meet, discuss, analyze and proffer solutions to common issues of mankind.
